**World Day of Prayer 2014**

World Day of Prayer is a worldwide movement of Christian women of many traditions who come together the first Friday of March to observe a common day of prayer each year. Through World Day of Prayer, women affirm their faith in Jesus Christ and become aware of the whole world; are enriched by the faith experience of Christians of other countries and cultures; share the burdens of other people and pray with them and for them; become aware of their own talents and use them in the service of God's world. Prayer and action are inseparable and both have immeasurable influence in the world.
